* John J. Done, of Shoelands, The Hyde. He was a prominent parishioner (arising from his role as a land agent for All Souls College) but not a councillor.

† Bulger was not a councillor. He withdrew his nomination papers for the 1904 election, having served as a member following a by-election in January 1902.

‡ The Chairmanship was vacant April-May as the members could not agree. Diaz was elected in May; Kidner was elected in his absence despite leaving the meeting after Diaz's election. Diaz resigned in September — he was not a naturalised British subject. Between October and December there was no Chairman as meetings were inquorate.

¶ Elected December 1905 after the Clerk received notice from the Middlesex County Council that the quorum of the Council could be two members. At subsequent meetings Spicer's rulings were frequently contested which would lead to meetings being adjourned. However, the remaining Councillors would continue the meeting, installing H. Ward as the Chairman.

§ Died 17 July 1915.

** Elected Chairman 28 July 1915. W.M. Bird elected Vice-Chairman.
