

## ACKNOWLEDGEMENTS

The main source for the 2022 election was the published information available, at the time of the election, on the website of the London Borough of Harrow. The information included documents, such as the Statement of Persons Nominated, the Notice of Election Agents' Names and Offices, and the Notice of Poll, for each of Harrow's 22 wards.

I would like to extend thanks to Adam Gray (no relation!) for kindly supplying an electronic copy of an outline map of Harrow's ward boundaries. Keith Ferry was helpful in explaining the reason for discrepancies in the initially published data for North Harrow ward and for sharing polling district data. Additionally, I would like to thank Jeff Anderson and Rashmi Kalu for saving election leaflets and for keeping me up-to-date with political developments in Harrow.
