

Table 7

ANALYSIS OF VOTES BY PARLIAMENTARY CONSTITUENCY

This Table groups votes cast at Borough Elections into Parliamentary Constituencies. The boundaries which were first used at the 2010 General Election form the basis for an analysis of all Borough Elections from 2002. The Parliamentary boundaries for the 1997, 2001 and 2005 General Elections are then used for an analysis of the 2002 and 2006 Borough Elections only.
